10 October 2007

My dear colleague,

It's that time of the year again, when we renew our bonds with you. With an empowering experience of nine surgical workshops, we invite you all to an enriching event. Without doubt, the success of any workshop is due to the active participation of the delegates.

We will be conducting demonstration and hands on dissections for both temporal bone and endoscopic sinus dissection. Some unique features of our workshop are:

- Two full days of hands on temporal bone dissection for 20 delegates on 28<sup>th</sup> & 29<sup>th</sup> February.
- Hands on endoscopic sinus dissection for 30 delegates on 29<sup>th</sup> February.
- Delegates will be provided with world class equipments like Zeiss Microscope, Henke Sas endoscopes, Storz endoscopes, Bein-Air micro-motor, Sopro camera, etc.
- Temporal bone demonstration dissection by Dr.Shabbir Indorewala.
- Prof.Peter Wormald will demonstrate sinus endoscopic dissection (FESS).
- Live surgical demonstration by faculty over two days on 1<sup>st</sup> & 2<sup>nd</sup> March 2008.
- Panel discussion on 1<sup>st</sup> March 2008.

Our organizational task becomes daunting as we aim for continuous improvisation after achieving near excellence. For your comfort we have a dedicated, air-conditioned, spacious conference hall equipped with an excellent two-way, four-channel, audio-visual system.

Our letter will be incomplete without expressing sincere thanks to Sarchitnis, Dr.Vasant Pawar, Principal, Dr.Mrs.Mrinal Patil and HOD Anatomy, Dr.S.M.Rathod of NDMVPS Medical College, Nashik.

Please feel free to communicate and let us know your views so that we can together put this workshop in a 'Class of its own beyond compare'.

*"Come experience our warm hospitality".*

Sincerely yours,

Dr.Kiran Burse.
