(Write your name on the reverse side of the draft)

14 April 2005

My dear colleague,

We have recently conducted “EAR & SINUS SURGERY WORKSHOP – 2005”, 5th workshop in the series. It was indeed a wonderful experience for all the delegates, faculty and organizers. “EAR & SINUS SURGERY WORKSHOP – 2005” could accomplish its set goal due to *active participation of all the delegates*.

It is imperative for ENT surgeons to know and learn about the basics of septorhinoplasty and rhinoplasty. Knowing Endoscopic Sinus Surgery is vital in present rhinological scenario; but that is only a part of the truth. To have a holistic approach for rhinology, a full and comprehensive knowledge of septorhinoplasty is vital. Similarly for all-embracing approach to rhinoplasty, it is imperative for plastic surgeons to know functional aspects of rhinoplasty.

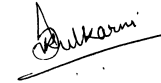

We will have lectures in basic nasal anatomy, functional aspect of nose and also in basic principles of septorhinoplasty.

As always, we will register only 100 delegates on first come first served basis. The limited registration is with a view to have a close and personal interaction with the faculty. We suggest an early registration to avoid disappointment.

Our pride, at all times, is our two-way four-channel excellent audio-visual system with a

Please feel free to communicate. Let us know your views so that we can further improve on the class and the contents of the workshop.

Sincerely yours,

Dr.Shreeya Kulkarni.

PROPOSED SURGERIES:

- AUGMENTATION RHINOPLASTY
- REDUCTION RHINOPLASTY
- SEPTORHINOPLASTY
- NASAL TIP PLASTY
